

A faint background illustration of a globe with a cartoon car on top. The car has a single arm sticking out of its roof, waving. The globe shows continents and dashed lines for latitude and longitude.

Hello,

My name is \_\_\_\_\_, I am \_\_\_\_\_ years old and I come from \_\_\_\_\_.

I am a hitchhiker travelling from town to town with no money, but only thanks to driver's kindness.

I don't need a train, bus or a taxi. If you are going to the city which name is written on my paper and you could drop me off on your way, I will be grateful.

Therefore, I can meet your amazing country and it's culture.

Thank you!
